TWO DIVORCES FILED

In the Mason County Court on Saturday two divorce suits were filed through Attorney James M. Collins.

Bessie L. Dickson filed suit against Omar L. Dickson. The petition recites that they were married on November 29, 1916, and lived together until the tenth of May. On that day he persuaded her to go to the Mill Creek Christian Church and on the way home he told her that he would not live with her again.

Ethel Poe filed suit for divorce from James Poe. She claims cruelty. They were married on January 20, last.

Spend a pleasant evening at the card party of the Woman's Club Wednesday evening. Admission 35 cents. Refreshments will be served.

MEMORIAL SERVICES

Held at the Forest Avenue M. E. Church Yesterday Morning Attended by a Large Number of Persons.

The memorial services held by the Forest Avenue M. E. Church Sunday morning yesterday morning were attended by a large number of persons and a very interesting program was carried out.

The services immediately followed the Sunday School session. After a short program of song and speeches by various members of the Sunday School, Mr. W. H. Meenach, the chief speaker of the occasion, was introduced.

Mr. Meenach began by paying a tribute to the many soldiers of the North who have passed before and now lie sleeping in the Maysville Cemetery and in other cemeteries in various parts of the country. He said that Maysvillians were indifferent in their attitude toward decorating the old soldiers graves but that in other places people were more enthusiastic. One of the things he emphasized in his speech was that the feeling between the Blues and the Grays had almost died out and that in the South a Northern Soldier was as much honored as a Southern one.

Following this a roll of the dead soldiers in the Maysville Cemetery was read, the list numbering 164.

The members of the Sunday School then turned over their flags to a committee to be placed on the graves of the soldiers on Tuesday evening. This part of the program was very interesting.

On tomorrow afternoon at 4 o'clock decoration of the graves will be held by the members of the Star Class of the Sunday School of that church.

HEAVY RAINS

In Mason County Since Saturday Night Do a Great Amount of Good to Growing Crops.

Heavy rains Saturday night and Sunday did a great amount of good to growing crops all over the county. The rains were very badly needed as the season has been somewhat dry.

The heavy rains have caused some little damage to farm lands in washing the soil. There was no damage done in the city of any extent.

Last night surface water collected under the railroad over Bridge street and the sewer being unable to carry out the large amount, the "hole" was soon flooded. The water rose to the height of the sidewalk and overflowed.

The inbound L. & N. Sunday excursion train crashed into a tree and telegraph pole which had fallen across the track last night. It is reported that several of the passengers were injured by shattered glass. The local L. & N. office could give no details concerning the accident this morning.

Large hailstones fell for a short period on Saturday night and also Sunday afternoon.

WILL BE HERE ONLY FEW DAYS LONGER

Recruiting Officer A. A. Austin, who has been stationed here for the past several weeks, will return to Covington on Friday of this week and he informs us that it will be several months before another officer will be stationed in this city. All young men who are planning to join the army had better see him before that date. Mr. Austin has been very successful in Maysville having secured a total of 20 recruits, which averages almost one for each day he has been here.

ANOTHER DROP

The M. C. Russell Co., which announced several days ago that they would sell flour at \$14.75 and \$15.00 per barrel has made another cut in the price of this necessity, which will be hailed by joy by citizens of Maysville. They announce that they will sell Jefferson flour at \$14.00 and best patent flour at \$13.75 per barrel. In addition to this they will sell best grades of sugar by barrel at \$9.25 and bag of sugar, 4 25-pound bags to a barrel at \$9.50.

REVENUE ASSIGNMENTS

The following are the local revenue assignments for the month of June: H. E. Pogue Distillery Company, David Bierley, storekeeper-gauger in charge; John A. Breslin, additional. J. H. Rogers & Company, B. B. Politt, storekeeper-gauger.

TYPHOID FEVER

Will Be the Subject of the Stereoptical Lecture at the Court House Tonight By Dr. J. G. Townsend.

Tonight at the Court House at 8 o'clock a stereoptical lecture will be given on the subject of "Typhoid Fever." Every citizen of Mason county is invited to be present to hear and see this lecture.

The prevention of typhoid fever is one of the chief topics of discussion in medical circles of the country today. It is regarded as one of the most necessary evils existing and plans are being made all of the time to combat it more successfully. One of the chief means being used to combat the disease is by informing the public the means to take care of all cases that do occur.

This will be the first of a series of illustrated lectures on various diseases and also health work of different kinds. Others will follow and will be announced in the Ledger.

The lecture of tonight will be given by Dr. J. G. Townsend, chief of the corps of doctors present in Maysville from the United States Public Health Service of Washington. Dr. Townsend is a young man but is thoroughly acquainted with health work and will doubtless present a fine lecture.

Every citizen of Mason county is earnestly requested to be present at the Court House tonight at 8 o'clock to hear Dr. Townsend. The lecture should prove of great benefit to the community and a large crowd is looked for.

FOUND GOLD WATCH IN GARDEN

On Saturday, May 12, Mr. R. M. Harrison, the feed merchant of Commerce street, lost his valuable gold watch and all efforts to locate it failed. He offered a reward of \$5 for its recovery. Yesterday morning Bud Early, the twelve-year-old son of Mr. Charles Early, while going through Mr. Harrison's garden in the rear of his feed store, found the ticker and promptly returned it to its owner and got the reward.

MOVED OFFICE

Mr. Frank Boyd, County Demonstrator, is moving his office from the sheriff's building on Sutton street to the Chamber of Commerce headquarters. He may be found there in the future.

LAST DAY OF CONTEST

The climax of the Baraca Class in its contest with the class in Paris, Ky., was reached yesterday. The main auditorium of the Baptist Church was used, the number of men present being so large as to require it. Dr. Ben L. Bruner of Louisville was the speaker and being a practical Christian business man, what he said fell upon the ears of his listeners with much gravity. Before the address a trio rendered by Mrs. Barnes, Mr. Hall Strode and Mr. Arthur Munzing, was a charming prelude. Their voices were wonderfully sweet and the effort showed them to be artists. A very pretty fraternal spirit was exhibited by the attendance of the Rev. Mr. Stahl and his bible class, numbering 50, from the Christian Church, which shows that at least in Maysville there is no rivalry other than the spirit of the spread of the gospel through any denomination.

There were 175 men present in the class yesterday. Paris was not heard from, this making the second Sunday no report has been received from the Bourbon county city. Maysville is over 500 points ahead of Paris. The exact results will be announced later.

The Maysville Model Creamery is paying 39c a pound for butterfat this week.

Tires that did not require setting in thirty years—on a Studebaker

WHEELS are the life of a wagon. Hubs, spokes, felloes and tires of the best materials, put together by skilled workmen, go into every Studebaker.

What is the result? Mr. William H. Horton, of Nineveh, N. Y., writes that the tires on his thirty-six year old Studebaker farm wagon did not need resetting in thirty years—and the wagon was in use every day.

We can prove to you that this is not an exceptional Studebaker wagon. There are thousands of Studebaker wagons in use today that are forty years old and more. And that have cost their owners little or nothing for repairs.

Come in and look over our stock of Studebaker vehicles. Let us show you how well they are built.

THE SWEET GIRL GRADUATE

Again has come that happy time, of all our lives the most sublime; when Nature drest in royal state, admits the sweet girl graduate. Our daily cares we cast aside, to better view our hope and pride; she holds the center of the stage, a budding wonder of the age. Her eyes aglow with purpose she annihilates the things that we have sacred held and pondered o'er; and then she looks about for more. The great perplexities of life, the causes of our world strife; problems that all our wise men tax, she smashes with her battle-axe. Matters of politics and state are criticised with mien sedate; there's nothing in the system quite, that seems to her to be just right. Tobacco, wine and Demon Rum (most ev'rything save chewing gum) are blasted deep with words that took up days to find in Webster's book. We heard her thru—at home, alive, we wonder can the world survive those telling blows whose mighty force, each one alone would kill a horse? We think if we were Mother Earth, we'd shape things for a change of berth; we'd pack our duds, get out of here, and seek a more congenial sphere. As visions pass in grand review, we seem to see all things made new, according to the patterns late laid down by that sweet graduate. And as in clouds of dreams we drift, a message gleams forth thru a rift—that when this world capitulates, will be to those sweet graduates. But as we dream, down from above, filters a voice of one we love; advising us to get to bed, or she proceed to "bust" our head. So we disrobe with weary sighs, and shoo the sand-man from our eyes; we know that voice—there's no debate, she too was a sweet graduate.—Bartlett in Valley Register.

THE FOOD PROBLEM

It is utter nonsense to suggest that the world is becoming unable to feed itself. Some day we may see a land problem such as had to be solved in Ireland, but there is plenty of land, and the problem is to make proper use of it. If Americans will not farm and will not permit the entry of labor that is willing to work on the land, we may have to import a large amount of our food. In that case we may have to rely on the tropics and learn to eat bananas and other vegetable products that grow in great profusion in hot and humid climates. We must do something of the kind or else work on the farms ourselves or enforce labor that is not too finicky to soil its hands. Farming is profitable now, and the lesson of the last quarter of a century is that it is contrary to the best interests of the country to have the price of agricultural products fall to an unprofitable level and thus discourage the farmers and drive the young people from the land into the cities. Farmers must do their bit. If they are to receive highly remunerative prices, they must accustom themselves to paying liberal wages. The food problem has become a case of live and let live.

The British must acknowledge that when it comes to running away the German warships are the real thing.

The reputation of Germany is sinking even faster than the hospital ships its submarines are destroying.

CLASSIEST FIELD EVER

Twenty-seven of the leading auto race drivers of the world already are officially entered to start in the 250-mile international sweepstakes race at the Cincinnati Speedway on Decoration Day, May 30, and it is certain that this number will be increased to more than thirty before the entry lists close.

Starter Fred Wagner, who will handle the flag in the various events, is authority for the statement that the field will be the classiest that ever started in an auto race anywhere, and that, in his opinion, a number of records will be shattered in the big event.

The principal race of the day will be called at 2:30 o'clock, with the following starters already assured: Ralph De Palma, Packard; Barney Oldfield, Oldfield-DeLage; Earl Cooper, Stutz; Ralph Mulford, Hudson; Ira Vail, Hudson; Pete Henderson, Mercer; Joe Thomas, Mercer; Walter Haines, Mercer; Eddie Hearne, Duesenberg; Billy Taylor, Newman Special; Louis Fontaine, Mercedes; Louis Chevrolet, Frontenac; Jos. Boyer, Jr.; Frontenac; Mel Stringer, M. E. L. Special; Jules De Vigne, De Lage; Jack LeCain, DeLage; G. M. Ewan, Crawford; Dr. McCord, Crawford; Wilmer Monahan, Johnson Special; Omar Toft, Omar; Andy Burt, Erbes Special; Dave Lewis, Hoskins Special; S. Ostewig Special; George Buzane, Duesenberg; Tom Milton, Duesenberg; R. T. McNay, McNay Special. Additional Stutz, Hudson and Olsen entries are expected before the qualification trials are closed.

Large entry lists also have been received for the three non-professional races, which will precede the 250-mile event, assuring a diversified program throughout the day. The aviation flights by Ruth Law, Katherine Stinson, Baxter Adams and Billy Brock will begin at about 10 o'clock.

Fort Fairfield, Maine.—"For many months I suffered from backache caused by female troubles so I was unable to do my house work. I took treatments for it but received no help whatever. Then some of my friends asked why I did not try Lydia E. Pinkham's Vegetable Compound. I did so and my backache soon disappeared and I felt like a different woman, and now have a healthy little baby girl and do all my house work. I will always praise Lydia E. Pinkham's Vegetable Compound to women who suffer as I did."—Mrs. ALTON D. OAKES, Fort Fairfield, Maine. When a remedy has lived for forty years, steadily growing in popularity and influence, and thousands upon thousands of women declare they owe their health to it, is it not reasonable to believe that it is an article of merit? 30 LIVES ARE LOST IN TORNADO IN KANSAS

Wichita, Kan., May 25—A series of tornadoes in Harvey and Sedgewick counties late today entailed a loss of thirty lives and property damage of many thousands of dollars. Andale, a village of less than 300 inhabitants, virtually was wiped out by the storm, which demolished many buildings there and reduced the population by eighteen.

Between Andale and Newton, a path from a quarter to a half mile wide, was swept bare by the twister, many substantial residences and barns in one of the richest farming sections of the state being torn to splinters.

Nine persons were killed near Sedgewick. Three others met death southeast of Newton.

Hail followed the tornado and worked great damage to crops.

TRIBUTE IS PAID TO AMERICAN DESTROYERS BY LLOYD GEORGE IN COMMONS SPEECH

London, May 25—Premier Lloyd George, on announcing in the House of Commons today that more effective blows had been dealt against submarines in the last three weeks than during any corresponding period of the war, paid a tribute to the assistance rendered by the American navy, saying:

"We owe a very considerable debt of gratitude to the great American people for the effective assistance they have rendered and the craft they have placed at our disposal. Now that the American nation is in the war it is easier to make arrangements for the protection of our mercantile marine than it was before."

The Premier's statement on submarine warfare was altogether the most satisfactory months. "It is much more difficult," he said, "for me to give a public answer on this than on any other topic. It is very difficult for me to give information without a certain extent revealing things which we had better keep to ourselves. All I can say is that we are making substantial progress."

STATES BANKS MAY LEND 30 PER CENT OF STOCK, SURPLUS TO U. S. FOR LIBERTY BONDS

Frankfort, Ky., May 24—State banks in Kentucky may lend as much as thirty per cent of their capital stock and surplus to the United States government in the purchase of Liberty Bonds.

This was the ruling of State Banking Commissioner George G. Speer, who will go to Louisville tomorrow to attend a meeting of the Louisville Clearing House Association. The law limits the loan from banks to municipalities to twenty per cent on their bonds, but an additional ten per cent may be loaned where real estate is the collateral given by the buyer. Mr. Speer says that the Liberty bonds have the backing of the United States government which is the best security in the world, therefore, he rules that they may receive the additional ten per cent.

WOMAN SUFFRAGE

Excellent Essay by Miss Charlotte Stiles of the Mayslick High School On One of the Vital Issues of The Country.

In the prize essay contest on woman suffrage, the judges made honorable mention of the essay of Miss Charlotte Stiles of Mayslick High School, which now appears.

Argument for Woman Suffrage

The high position of woman is history's proof of civilization. The ancient Republics of Rome and Athens fell when the position of woman was very low. Woman suffrage will insure the life of our republic by supplying the missing link in our government.

Women are not inferior to men but they have a different point of view, the home, the mothers view point is as essential to the good of the family as that of the father. Governing a nation is like managing a big family. Those to be governed are both male and female, so woman's sympathy is needed as much as man's cold reasoning on the affairs of the state. Furthermore if women took a vital part in the government, the world be better able to train their sons to be useful citizens.

Where women vote they are personages and their opinions count. They have the power to demand rights for which they once begged. Power is always respected therefore suffrage brings woman an increased respect.

Justice is a very strong argument for suffrage. Does it look just that any foreigner, who comes to this country and marries, should hold any

office, except the presidency, after he has been naturalized, but his wife, whose ancestors fought in the Civil and Revolutionary wars, cannot express her opinion on the smallest affair in the government? The foreigners even help decide if woman can vote. The workers at the polls say that woman suffrage has been defeated because illiterate men, who sign their name by a mark, were bribed by dishonest men to vote against it. This action of the evil element in politics is acknowledgment of the purifying effect that the entrance of women has always had.

It does not seem just that the women, who helped build our republic should be classed with criminals and lunatics, the only other adults without suffrage.

Home is the mother's place but her children must sometime go out into the world, so in the name of justice the mother should be allowed suffrage to protect her children from temptation and to make the world as clean and attractive as the home. Women seldom want suffrage for its own sake but to carry out other reforms. Frances E. Willard worked for it in order to advance the temperance cause.

Our country is now fighting in defense of democracy, although one-fourth of its citizens cannot vote. Our government has not therefore been true to the standard it now wants to put before the world.

Advanced thinkers never thought that the women of twenty-two nations, including savage Mexico, would be given political freedom before those of the United States. Surely the stars and stripes will not be the last flag that symbolizes equal suffrage.

Many women own property and pay

large taxes. They should have the opportunity to say for what purpose the money is used.

From a financial standpoint woman suffrage would be valuable. The poll tax income would be increased almost forty million dollars.

President Wilson, and the greatest statesman of the day favor women voting. A Senator from Wyoming said that the results in his state were that there were men of better morals in office, no embezzlement or misuse of funds or graft. A Senator from Kansas said that since women voted the percentage of illiterate people was smaller in Kansas than any other state. Such statements show that women are interested and capable of understanding politics. The wonderful advance that will come with full suffrage challenges our imagination.

RUMORS OF U. S. SHIPS BEING SUNK AT SEA ARE DENOUNCED BY DANIELS

Washington, May 25.—A categorical denial that any American naval vessels have been sunk in the war was issued tonight by Secretary Daniels to counteract a "campaign of vicious rumors that is being carried on so industriously by persons unknown."

It was the first official notice to be taken of a flood of reports of naval disasters that started almost as soon as it was known that American destroyers were in the war zone.

"It is with deep regret" said the secretary in a formal statement, "that I note the daily stream of false reports with regard to the sinking of American ships. Brokers wires are a particular source of needless distress to every true American as well as to the mothers and fathers of the nation who have sons at sea."

"The department has given repeated assurance that its policy is to be one of absolute frankness with respect to disaster. If it should be that ships are sunk full information will be given out officially and quickly."

"The reasons for these false reports cannot be ascertained. The one hope is that the press will refuse to aid this campaign of vicious rumors that is being carried on so industriously by persons unknown."

CROSS EXAMINATION OF RAIL CHIEFS CONCLUDED

Washington, May 25.—Council for shippers in cross-examining Western railroad officials today at the Interstate Commerce Commission's hearing on the carriers' petition for a 15 per cent increase in freight rates, sought to draw admission that many of the roads could meet existing conditions without additional revenue from freight tariff. They also undertook to show the commission that economy could be effected in railroad operations to increase revenues.

Cross-examination of the railroad officials was conducted today.

Tomorrow's hearing will be given over to representatives of shipping interest and counsel for the minority stockholders of the Boston & Maine. Attorneys will present facts and arguments in behalf of cooperation, ice, coal, fruit, glass, fruit jars and bottle interests. Special Colorado interests and the Eastern Shore Produce Exchange will present their views to the commission.

The shippers of live stock and grain will be heard.

RUSS ARMY CHIEF SAYS MORALE OF TROOPS IS BETTER

Petrograd, via London, May 25.—General Nicholas Vruzsky, who arrived here today after relinquishing the command of the Russian army on the north front, spoke hopefully of the improvements in the morale of the troops on that front. He said that there was no fraternizing with the enemy now and no deficiency in the shells supplied, but that owing to local conditions an offensive on a large scale was impossible. If the improvements keep up and the Russian army fulfills its duty to its own country and its allies, General Vruzsky believes the Germans can be beaten by autumn and forced to accept the Allies' peace terms.

General Vruzsky places great reliance on the personal influence with the troops of Minister of War Krensky.

BAKER URGES CAMPS BE KEPT FREE OF IMMORAL INFLUENCE

Washington, May 25.—Secretary Baker made public today a letter he had addressed to the governors of all states calling for co-operation in keeping the army mobilization camps free from improper surroundings and immoral influences.

WORK THAT TELLS

Plenty of It Has Been Done Right Here in Maysville.

To thoroughly know the virtues of a medicine you must investigate its work. Doan's Kidney Pills stand this test, and plenty of proof exists right here in Maysville. People who testified years ago to relief from backache, kidney and urinary disorders, now give confirmed testimony—declare the results have lasted. How can any Maysville sufferer longer doubt the evidence?

Henry S. Gallenstein, blacksmith, 124 W. Third St., Maysville, says: "My kidneys were out of order and I had pains through my back. Doan's Kidney Pills put an entire stop to the pains and my kidneys became well." (Statement given January 9, 1912.)

RESULTS THAT REMAIN OVER FOUR YEARS LATER, or on November 14, 1916, Mr. Gallenstein said: "I haven't had any need of a kidney medicine since I last recommended Doan's Kidney Pills. The benefit they gave me has been permanent." Mr. Gallenstein is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that Mr. Gallenstein has twice publicly recommended—the remedy backed by home testimony. 50c all stores. PREPARE FOR 2 TO 5 YEARS OF WAR!

Washington, May 25.—Members of the cabinet and others actively engaged in the conduct of the war outlined our aims and needs today to a meeting of editors of the country's technical and trades publications.

All emphasized the magnitude of the task facing the nation and urged the publishers to support the government in the change from peace to war conditions in industries.

The cabinet officers and representatives of the Council of National Defense told in detail of what the council is doing toward war preparation.

The food situation was presented by Herbert C. Hoover, who will be named food administrator. The country, he said, faces a war that will probably last from two to five years, and only by the most careful measures can the United States give the Allies enough foodstuff to keep them in the war with the constancy demanded to bring victory.

Allies' Grain Needs

The Allies' grain needs this year, Mr. Hoover said, will amount to 1,000,000,000 bushels. American and Canada, with good crops can supply sixty per cent of this without deprivation, but the Allies must have, he declared, at least eighty per cent of their needs to keep their efficiency at the highest average.

"That means some reprivation for us" said Mr. Hoover, "but we must fill their needs."

Food prices in the United States are too high and if they continue at the present level, he declared, an adjustment must come or the workingman cannot live.

ONE BIRD UNWELCOME

(Philadelphia North American)

A hen's cackle is the California jay's dinner bell. He immediately sets forth to find the nest, and makes a merry feast of the newly-laid eggs.

Farmers frown upon him, for he will also kill chicks. He has virtually all the habits of his Eastern cousin, the blue jay, and will rob nest after nest, destroying the young of other families of greater usefulness.

He is found in California and Washington. Insect food constitutes but one-tenth of his diet, a large part of which is live food and eggs. He is made the more unwelcome on the farm through his habit of eating grain and fruit.

Although a great rooster when abroad the male bird is very meek and reticent when at home. He is distinguished from other jays by his decidedly whitish underparts and brown patch on the back.

TREASURY BOOKS CLOSED WITH BIG DEBIT TO GREAT BRITAIN

Washington, May 11.—Treasury officials today closed the international ledger for May with another debit to the British government of \$75,000,000, bringing the total thus far loaned Great Britain up to \$400,000,000. A payment of \$75,000,000 also was made to Italy and her credits of \$100,000,000 previously announced.

PROMINENT MERCHANT

Mr. Patrick Maher of Washington Dies
at His Home Yesterday Following
a Short Illness.

Mr. Patrick Maher one of the most
prominent men of the county, died at
his home in Washington yesterday
following a short illness of acute in-
digestion. Mr. Maher was taken ill
on Friday with indigestion. He seem-
ed to recover Saturday but at mid-
night he began to get worse and died
three hours later following intense
suffering.

Mr. Maher was 70 years of age. He
had spent practically all of his life in
Mason county. For a great many years
he conducted a general store in Wash-
ington and was regarded as one of the
leading citizens of that town. He was
an honest merchant and always dealt
in a straightforward manner with his
many customers. He was a good
neighbor and a splendid gentleman.

Mr. Maher is survived by his wife
and six sons, Edward, William, John
Thomas, Frank and Daniel. He also
leaves several brothers and sisters.

The funeral will be held on Tuesday
morning at 9 o'clock from the St. Pat-
rick's Church in this city, of which
Mr. Maher was a devout member. Bur-
ial will be made in the Washington
Catholic Cemetery.

GERMAN RAID

Results is Death of 76 in England—
Battles in Clouds Result in Three
Machines Crashing Down Off
British Coast.

London, May 26—Death-dealing at-
tacks made by 16 German aircraft
yesterday, resulting in the killing of
scores of women and children and fol-
lowed by battles in the clouds between
British and enemy planes, marked the
bloodiest Teutonic aerial attack on
England since the war's opening. De-
tails were revealed today in admir-
alty and home defense statements.

The casualty list was officially fixed
at 76 killed and 174 injured.

Twenty-seven women and 23 chil-
dren were among the dead and 43
women and 19 children among the in-
jured.

Royal naval air service planes at
Dunkirk, called into action, swung in-
to battle array above the channel.

Here a series of thrilling encounters
occurred.

One British machine gave battle
with three of the enemy craft—and
shot one of the trio down.

Two sped on with other raiders
to encounter more naval planes over
the Belgian coast.

Far aloft the two forces sailed and
maneuvered and fought.

Before the enemy forces could es-
cape two twin-engine machines were
shot down to the ground.

The home defense statement named
the German raiders as "aeroplanes,"
which might be either aeroplanes or
Zeppelins. The admiralty statement
spoke of "enemy aircraft," but like-
wise detailed an encounter with "three
hostile planes" and the destruction of
"two twin-engined hostile machines,"
indicating aeroplanes. It is possible
that the German raiding force was
composed of both Zeppelins and air-
planes.

"All our machines are safe," the ad-
miralty announcement declared.

Coincident with the announcement
of these air battle the admiralty an-
nounced a raid by British aeroplanes
on the enemy aerodrome at St. Denis-
westrah yesterday, in which many
bombs were dropped.

Assuring all casualties were of
noncombatants, the total number of
civilians killed since the start of the
war by German air raids—Zeppelins
and aeroplanes both—is raised to 305
killed and 729 wounded in today's an-
nouncement.

The only other air raid which ap-
proached this latest one in destruc-
tiveness of human life was that of
March 31, 1916.

Six or seven Zeppelins were part of
this raiding force, and their depreda-
tions extended over six eastern coun-
ties, the victims totaling 59 killed and
101 injured.

tion of the best workers among us, all
men between the ages of twenty-one
and thirty, and

It being our desire that those among
us who will register for selection may
know of the great love which we
bear for them and our appreciation
of their recognition of this great duty
in this hour when they step forward in
answer to the country's call, there-
fore

I, J. Wesley Lee, Mayor of the City
of Maysville, do hereby declare Reg-
istration Day, Tuesday, June 5th,
nineteen hundred seventeen, A. D., as
a municipal holiday and urge that ev-
ery citizen of Maysville on that day
pay proper respect to our sons who
answer the call of the country, that
all business houses close for a time at
least, and that the friends and rela-
tives of the men who are to register
accompany them to the places desig-
nated therefor, and that that day be
one of patriotic rejoicing, that the na-
tional flag and those of our allies be
prominently displayed in every home
and business house and that we give
expression in every way possible to
our patriotism on this occasion.

"BUILDERS OF CASTLES"

Marc MacDermott, co-starred with
Miriam Nesbitt in the Kleine-Edison
feature "Builders of Castles," which
will be the photoplay attraction at the
Pastime Theater today probably has
played "leads" in more successful mo-
tion pictures than any other male star
now before the public. Long before
the day of the multiple-reel feature,
Marc MacDermott was the idol of the
fans. His work in many Edison one-
reel subjects still ranks with the most
artistic portrayals of character ever
seen upon the screen.

In "Builders of Castles," Mr. Mac
Dermott has a role which is particu-
larly suited to his powers, and film
critics are unanimous in saying that
he never has been seen to better ad-
vantage. Miss Nesbitt, too, is given
splendid opportunities. These two
popular stars are supported by an
unusually well-chosen cast, includ-
ing cast, including Robert Brower,
Nellie Grant, William Wadsworth,
Florence Stover, Edward Longman,
Charles Sutton and Jessie Stevens.
"Builders of Castles" is released thru
the Kleine-Edison-Selig-Essanay Keys
Service.

Don't forget the Woman's Club
card party Wednesday night at 7:30
o'clock. Thirty-five cents admission.

THE GOOD OLD SUMMER TIME IS HERE

At Last

AND YOU WILL WANT TO MAKE THE RIGHT CHANGES
TO ENJOY IT.

Our stock of thin Summer Goods is very great, all the newest
in colorings and styles and very reasonable in price.
Lot of Wash Goods at 10c, 12½c, 15c, 19c and up that will re-
duce the high cost of living. You can have several Dresses at lit-
tle the cost and enjoy the weather.
Many Novelties for the Sweet Girl Graduate.
Socks, Handkerchiefs, etc., for the boys.
See the lovely new Gingham, very latest styles.
Our stock of Voiles will compare with the large city stores and
are offered at less than sold there.
A special lot of Silk Shirtings at 98c a yard, worth \$1.25.
We still have a few short lengths of Chiffons,orgettes and
Silks at bargain prices, you can use them and save money on your
purchases.

Chiropractic
Adjustments Restore Health Quickly
and Permanently
Nature is the Chiropractor's only
aid — adjustments release the pres-
sure from the nerves and make the
way free for Nature to do her part in
sending mental impulses through
them to make and keep the body well.
